

Autism is the fastest-growing developmental disability in the US...

Are you prepared?

"Let's start changing lives together."

-Linda Franchock, BCBA/owner of EdKinetic LLC

Why Us?

Learn methods that can be applied to any skill or learner.

1. **History of success** - Established and supported over 60 classrooms with students of all ages. Trained teachers and staff in applied behavior analysis and verbal behavior (ABA/VB) methods to teach communication, academics, daily living and job skills and manage problem behavior.
2. **Experience** - Board Certified Behavior Analyst, MS in Special Education and Certified in General Education K-5. Specialized training by national leaders in the treatment of autism spectrum disorders such as Dr. Vincent Carbone. View my CV at Edkinetic.com.
3. **Proven system of training** – 10 years of training, consulting and classroom coaching experience that produces high fidelity of implementation to promote student achievement.

The Answer...

Teachers want help that makes a difference. We offer proven training solutions that will help your teachers and school staff mitigate the symptoms of autism, promote meaningful learning opportunities, and reduce or eliminate problem behavior. Training provides hands-on practice that replicates implementation in the classroom and can include on-site modelling with students. **These training techniques produce the highest rates of skill transfer to the classroom.** Training is tailored to your specific needs or you can take advantage of ongoing workshops. Case by case consultation is also available.

Contact us today to discuss your needs and how we can help.
